

VILI

LED POST TOP LIGHT

VILI 60w/80w/100w

Superior Light Quality: The anti-glare, textured polycarbonate lens ensures smooth, even light distribution without harsh glare, creating a comfortable and inviting atmosphere. It not only improves visibility but also reduces eye strain, perfect for public spaces or commercial areas.

Focused, Efficient Lighting:

With LEDs strategically positioned at the head of the fixture, all light is directed downward, maximizing illumination where it's needed most. This design enhances outdoor visibility and minimizes wasted light, making it perfect for parking lots, walkways, and streets.

Customizable Power & Color

The fixture offers selectable wattage and Kelvin options (3000K,4000K,5000K), giving you complete control over brightness and color temperature. Tailor the lighting to meet specific outdoor needs while saving on energy costs, ensuring a perfect balance of performance and efficiency.

PRODUCT DESCRIPTION

The VILI LED Post Top Light is a durable outdoor fixture designed for efficient lighting in public and commercial spaces. Its head-mounted LEDs focus all light downward for optimal coverage, while the textured Anti-glare polycarbonate lens reduces glare and ensures even distribution. With selectable wattage and Kelvin options, you can easily customize brightness and color to suit various outdoor settings like pathways, parking lots, or landscapes.

MOUNTING

The fixture is specifically designed to be securely mounted on a 2 7/8" vertical tenon ensuring a stable and precise installation for optimal performance and alignment.

FEATURES

CCT Select

Power Select

Photocell sensor

ADC12 Die casting

CCT SELECT & POWER SELECT
